MOTHERS, PREPARE

Kansas City, Kan.—"When I was a girl just coming into womanhood I became all run-down, weak and nervous. I was pale as death. I became very much alarmed—I thought I was going into a decline. My mother took me to Dr. Pierce's Favorite Prescription and asked him if he could recommend some medicine that he thought would be good for my case. He told her to try Dr. Pierce's Favorite Prescription and she did. I had only taken it a short time when I began to feel better. It was long when I was well—in the best of health. I have since taken 'Favorite Prescription' during pregnancy and found it a wonderful help, keeping me well and strong the entire time."—MRS. BELLE GAMMON, 2919 Roosevelt Ave.

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron Is one of the GREATEST OF ALL STRENGTH BUILDERS.

Says: "He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of the results she obtained.

Miss McKinley says: 'I had often heard of Nuxated Iron. I must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength.

"Following the strain imposed by months of the most exacting work singing for the soldiers in the various army hospitals, together with my social engagements and charitable work, I found myself in such a weakened, run-down state that I feared a complete collapse.

"It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would set my rebuilding my strength and enable me to continue my activities.

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left me worse than when I started. When my own family physician recommended that I give a fair trial to Nuxated Iron, I was at first skeptical with a result that after a few days the weakness and exhaustion from which I suffered began to be relieved by a feeling of renewed strength and vitality. In less than three weeks my entire nervous system was brimming with energy and power and I was overjoyed to find that I was once again in my normal state.

"Nuxated Iron has accomplished so much for me that I cannot but feel that it is a strength, health and blood-builder. I am convinced Nuxated Iron has no equal."

In commenting on Miss McKinley's statement, Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says:

Miss McKinley has a voice of unusual quality and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a strength, health and blood-builder.

is my opinion that in practically nine times out of ten, astringent and failing cheeks and the springtime of life into their step is not cosmetics or stimulating drugs, but plenty of rich, pure blood. Without it no woman can do credit to herself or her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Manufacturers' Note: Nuxated Iron, which is recommended here by physicians is not a secret remedy, but one which is sold by druggists. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturer guarantees successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Arnold Drug Co., Tully-McFarland Drug Co., Geo. W. Stange, and all other druggists.

How much should one contribute to the Near East relief work? That question has come to W. A. Bibb, state campaign manager, and Phil Eastman, state secretary for Near East relief, in order to learn what is considered a sufficient amount to do definite work for the suffering people of western Asia.

Here is what contributions of varying amounts to Near East relief will accomplish, according to Mr. Bibb's information from national headquarters:

The entire amount expected of Clatsop was contributed twenty minutes after the opening of the campaign in the largest church in the city last Sunday. Other cities are expected to report full quotas shortly. No definite date was set for the opening of the drives, the matter being left to the discretion of the local committees.

All of the money raised in Kansas goes direct to the purchase of supplies, food and clothing for the suffering people of western Asia.

Millionaires who take in roomers!

PLAIN, simple country folk down in Texas went to bed one night as poor as church mice and awoke to find themselves millionaires! But they cannot accustom themselves to prosperity. They do the most extraordinary things with their newly acquired wealth. Old Jake Wells went out and bought himself \$4.80 worth of bananas, ate them, and then died.

Mrs. Snodgrass, wife of the village doctor (who hasn't the slightest idea how rich she is), built a large wing on the old homestead so she could take in more roomers!

Another old lady—whose profits quickly passed the million mark—bought "paw" a new ax so he could cut the kindling more easily. And it's true!

Is parent-love a menace?

Great men almost invariably have had unusual mothers or fathers who played a conspicuous part in shaping their lives. And yet eminent psychologists tell us that the pampering love of parent for child—unless wisely directed—can do tremendous harm.

Harvey O'Higgins has interviewed one of the greatest nerve-specialists in America on this vital problem. Nothing more amazing and dramatic has been written about human relationships than "The Love-Image," in the current Cosmopolitan.

Are wives harder to get along with than husbands?

Boxer thought so, because, as he told his friend Charny, his wife had called him a "drunken satyr" simply because he tried to light his cigarette at an electric-light bulb.

And Charny agreed with him because his wife told him that he never kept a promise in his life. And he sometimes did! Gouverneur Morris, in "The Great Friends," has surpassed himself in this rollicking story of domestic misunderstandings, and how they were overcome. Don't fail to read it in this month's Cosmopolitan.

When a financier's wife pawns her jewels

You won't know until the end of the story why she did it. But when the pretty young wife of a feeble old millionaire is seen to frequent a pawnbroker's, and then enter a cheap lodging-house, being watched by a good-looking detective—well, there's enough mystery, love, action and high finance in this unusual story to satisfy anybody.

"Her Secret"—by Will Payne—is the first of a series of the adventures of Ben Bodet, business detective, who—wo prophesy—is going to take rank as one of the most interesting sleuths of fiction.

They discovered the fountain of youth

"Phony" Dick and "Overcoat" Benie had just relieved an oil magnate of \$500. But when they went and lost it on the Kentucky Derby, they simply didn't have the heart to go home to Mrs. "Phony," who kept the cash (and who also kept track of their prowess in the papers). So they decided to take a little fishing-trip out California way, and that's how they happened to discover the Beauty Fountain.

You who have applauded his "Boston Blackie" stories will delight in this crook story, in a lighter vein, by Jack Boyle, in the new Cosmopolitan.
